

*AMENDMENTS TO THE SPECIFICATION*

Delete the following paragraphs on page 4, from lines 19 through 27:

By way of illustration, a system and method working in line with known principles (see US 6736974) are described with reference to Figs. 1 to 5, in which

Figs. 1 and 2 show first and second stages for access to a lower end cell mesh, and Figs. 3, 4 and 5 show first, second and third stages for gaining access to the upper end cell mesh.

In each Figure, views (a) and (c) are axial sections at the lines indicated in the top view (b).

On page 18, before line 11 insert the following heading:

BRIEF DESCRIPTION OF THE SEVERAL VIEWS OF THE DRAWINGS

On Page 18, after the heading and before line 11 insert the following paragraphs:

A system and method working in line with known principles (see US 6736974) are described with reference to Figs. 1 to 5, in which

Figs. 1 and 2 show first and second stages for access to a lower end cell mesh, and

Figs. 3, 4 and 5 show first, second and third stages for gaining access to the upper end cell mesh.

In each Figure, views (a) and (c) are axial sections at the lines indicated in the top view (b).

Replace the paragraph beginning at page 18, line 11 with:

Examples of ~~these new proposals~~ aspects of the invention are now discussed with reference to the remainder of the following drawings in which:
